

I found the organization of the volunteering assignment to be very good and uncomplicated. I was able to decide spontaneously that I wanted to help out at the Milele Elimu Centre for two weeks. The people in charge advised me on how I could help at the school and they also helped me with accommodation and transportation.

Volunteering at the Milele Elimu Centre was a wonderful experience for me. Even without being a teacher at home, I was very much appreciated. It was really nice to see how all the staff at the school wanted to show me what a valuable contribution they make to the well-being of these children every day! I was very touched by this commitment and the mutual support in difficult moments. Thanks to the close contact with local people, I was able to get to know a lot of Kenyan culture. I was also looked after so warmly by Joseph and the other staff.

For the children, the school is an important place in their lives where they are allowed to come every day with joy and which offers them many opportunities - be it schooling, learning sports activities, forming friendships, a rich meal or much more.

I was given so many smiles every day, which was priceless to me. I would recommend the experience to anyone who has the opportunity to travel to Kenya.

Thank you Milele Elimu Centre and Forever Kids Kenya for giving so much to these children and thank you for allowing me to be a part of it for a short time!
