

My volunteering at Milele Education Centre was one of the best experiences I made. I experienced how to teach and bring knowledge to the children with little resources and space. Every day I felt the joy of the children learning and the teachers teaching, which made me feel very comfortable at the school. I can feel that the school was built up with a lot of warmth and engagement.

During my stay in school I laughed a lot, learned new things, got very creative and had a lot of fun!

Thank you very much to the whole team of the Milele Education Centre!
