

During my short volunteering assignment for 3 weeks, I have learnt so much and I got inspired! The introduction was very warm and welcoming. Everyone was happy that I was there, and I especially enjoyed the singing, painting, and playing with the kids during the breaks 😊! The biggest challenge was to teach with only little material compared to German schools, so I also learnt to be more spontaneous during the lessons.

I made experiences for a lifetime that I will never forget because the Milele Elimu Centre is authentic and open-minded, welcoming, and interested in other cultures like I am.

The volunteering assignment was very rewarding, and I would highly recommend it to everyone who is still studying to become a teacher or is already teaching for years. Joining the Milele Elimu Centre will bring you a new perspective on things which is always important. I had the best time and I miss the school a lot.
